

Galatea 224

The new Galatea 224 product is perfectly designed to be used in various indoor applications to achieve the highest light output combined with high color rendering.

Part number	2001198,
Light color	3.000 K, 4.200 K
Dimension	PCB 6x2 mm
Voltage	24 VDC
LED per meter	224 LED
Packing	5m Reel
Power/m	18 W
IP rating	IP 20 (other IP rates available on request)
120°	30.000 h
Cutting length	36 mm

Features and Applications

Features long operating life, optimized thermal management, extra bright SMD light, ultra slim construction, low voltage operation

Applications back lits, cove & cornice lighting, orientation and accent lighting, steps and stairs, counters bars and receptions desks
